Did you Know we offer before care for our Preschool Students?

Preschool students can attend SAM School's Before Care program – available from 6:30-9:15 for a flat daily rate. Students will be offered hot breakfast options, made to order, included in the flat fee of \$13.00/day.

Students are under the care of our café and recess staff from 6:30-7:45. From 7:45 to 9:15 our students will be with a dedicated preschool monitor and will have free play time between the café, preschool and gym. Families can use any portion of the before care time and advanced scheduling is not required. Families with siblings in the day school are able to drop off their preschooler with sibling in the car line and they will be escorted to the cafeteria for their stay.

We register each family interested in the program and set up an online account for payment/purchases. SAM uses MySchoolAccount.com for our online payment portal and payments can be made via ACH or credit card.

If you are interested or have any questions regarding our program, please contact Danyelle Anderson, Food Service Director at 440-333-2126 x148 or MrsAnderson@samschool.net

St. Angela Merici School Preschool Before Care Consent Form, 2021-22

I, parent of _____ (SAM Preschool student name) verify and consent for my child to attend SAM School's Before Care program with participating day school students. I know and understand the following:

- Preschool students will be under the care and liability of St. Angela Merici School/Parish with Mrs. Danyelle Anderson and Before Care Staff from arrival until 9:15 (Preschool start time), upon which care/jurisdiction will shift to St. Angela Merici Preschool and Director, Mrs. Christina Kutz.
- Preschool students can attend SAM School's Before Care program from 6:30-9:15 for a flat daily rate of \$12.00, payable through preschool student's account created prior to start of the school year. Each preschooler's visit will be noted within the MySchoolAccount.com system, similar to siblings who buy hot lunch or take part in Before Care services.
- Preschool students will be offered hot breakfast options daily within the cost of Before Care.
- All Medical Emergency forms will be adhered to and followed as our Preschool Director will allow for copies to be made, to be reviewed, and housed within the cafeteria.
- From 8:15-9:15, Preschool students will utilize our café or conference room by which to take part in free developmental play and socialization until being escorted to Preschool Faculty to begin each student's preschool experience.

I know and understand the above bullet pointed notes allow for jurisdiction change to occur organically upon the start of the preschool day. I agree to all of the tenets/facets of this extension of my child's preschool day in collaboration with St. Angela Merici Day School and St. Angela Merici Preschool.
